BUILDING STRONG, BRIGHT FUTURES

WELCOME TO YMCA CHILD CARE

With so many demands on today's families and the increased focus on early brain development, families need all the support they can get to nurture the potential of youth. That's why child care and early learning programs at the Y focus on holistically nurturing child development by providing a safe and healthy place to learn foundational skills, develop healthy, trusting relationships and build self-reliance through the Y values of caring, honesty, respect and responsibility.

Children are like sponges – they watch and absorb knowledge, skills and values from everything and everyone around them. At the Y, we believe the values and skills learned early on are vital building blocks for quality of life and future success. That's why our Child Care program is staffed with people who understand the cognitive, physical and social development of kids, the need children have to feel connected and supported in trying new things, and the caring and reinforcement parents and families need to help each other. At the Y, babies develop trust and security, preschoolers experience early literacy and learn about their world, learn new skills and have fun. Most importantly, they all learn how to be their best selves. That makes for confident kids today, and contributing and engaged adults tomorrow.

FINANCIAL ASSISTANCE PROGRAM

We will make every effort to ensure that you are not turned away from the Y due an inability to pay. Funds are available to assist your family with your child care needs. We accept CCIS (1-800-831-3117) and welcome CHIP participants (1-800-822-CHIP).
