

HELLO

Springfield School Age Program

Serving Springfield School District Families

Sabold Elementary
Scenic Hills Elementary
Springfield Literacy Center

August 6, 2020

Dear Springfield Families,

The start of the school year will look different. Today the District announced that the first month of school will be virtual ([see announcement here](#)).

As contained in the announcement, the YMCA will be partnering with the Springfield School District and offering a full day Back to School program that will give families a childcare option when parents have to be at work.

The program will include specific times for SSD virtual learning schoolwork, YMCA enrichment programs, social-emotional and physical activities. The Y is committed to creating education-driven programs that enhance your child's school year in a safe and enriching environment.

We have posted on our web-site (www.cyedc.org) some basic information regarding this new full-day program, including our [School Age Health & Safety Plan](#).

Please do not be confused by our website and the enrollment information statement. You have already pre-registered for the 2020-2021 school year. You will have the first opportunity to enroll in this program.

We will send you another email before 12noon on Monday August 10 about registration.
